Valley Fire has been re-rated by ISO, Insurance Service Organization, a private organization that grades fire departments across the country. By putting new procedures in place and combining services with Boston Heights, the Department has brought the rating down to 5/5Y. The Village is rated 5Y, due to no fire hydrants. Areas of Boston Township with fire hydrants are rated 5, areas in Boston Township without fire hydrants are rated a 5Y. This will result in lower insurance rates for the community. Residents should contact their insurance companies to inquire about new rates. If you would like a copy of the ISO letter, you may request a copy by calling Charlie Riedel at 330.657.2292 or pick one up at the Village.
