

PENINSULA VILLAGE WASTE WATER ADVISORY COMMITTEE
AUGUST 10, 2015

The meeting of the Peninsula Village Waste Water Advisory Committee was called into session at 5:34 PM on August 10, 2015 at the GAR Hall.

Attending: Karen Walters, Chair, Dee Holody, Mary Booth, Bill Clifton, Mike Kaplan

I The Draft Minutes of the previous minutes were discussed and Dee Holody moved that they be approved. Bill Clifton seconded, and all vote aye. The Minutes of the meeting of July 27, 2015 were approved.

II Dee Holody reported that Bill and Dee continue to work on updating the "spreadsheet" provided by Summit County Public Health to correspond to the Village's Waste Water District.

III The Committee discussed the visit to the Mobile Home Park in Boston Township. Thanks to Dee Holody for making the arrangements. The plant sits on a flat piece of land close to Old Route 8, and generates considerable smell and noise. If this type of unit was considered by the Village, it would need to be covered and screened in some way at alleviate those issues. Thanks to the operator, Mr. Gene Davis, who showed us around. Mr. Davis told us that all of the equipment at the site would be available for about \$1.5 million, and that the costs of the collection systems, the land acquisition costs, and the operating costs would be additional. The system serves approximately 250 residential units, and has a capacity of 40,000 gallons.

IV We are looking forward to meeting with Ms. Marie Underwood of the EPA on August 17, 2015 at their offices in Twinsburg, Ohio. Mary Booth is making the arrangements.

VI A visit to Christiansburg, Ohio is scheduled for August 24, 2015. Bill Clifton is making the arrangements. We will meet with the operator at 1 PM on site.

VII The Committee had an extensive discussion as to what role the Committee should play, if any, in providing factual information to the Community during the Election cycle currently beginning. No decision was made, except to continue on in trying to complete our mission.
