REGULAR SESSION
ELECTRONIC ZOOM MEETING

Held: Monday, November 9, 2020

Roll call Vote: Mr. Kaplan, yes; Mr. Fisher, yes; Mr. Haramis, yes; Mr. Weigand, yes; Mr. Schneider, yes. The motion was approved.

Councilperson Kaplan suggested amending the spending policy to allow department heads to purchase regularly occurring budgeted items without having to wait for approval at a Council Meeting. Mr. Bryan stated he and Mr. Elkins will come up with suggested amendments to the Village purchasing policy that would accomplish that goal.

Councilperson Schneider stated the Police Department would like to purchase a new cruiser to replace an existing cruiser with 100,000 miles. Due to a cruiser accident that took the Police Department off schedule, the Department is looking to get back on its cruiser replacement rotation schedule. There is currently a 6 to 8 month wait for the delivery of new cruisers. Councilperson Schneider made a motion to authorize the purchase of a new 2021 Ford Explorer with the necessary upfitting and accessories for an amount not to exceed \$35,000 that was seconded by Councilperson Haramis.

Roll call Vote: Mr. Kaplan, yes; Mr. Fisher, yes; Mr. Haramis, yes; Mr. Weigand, yes; Mr. Schneider, yes. The motion was approved.

Councilperson Schneider stated the Police Department parking lot needs repairs. The Mayor said Mr. Andexler would look into the matter.

Roads and Public Works Liaison George Haramis: Mr. Haramis stated he has created a working model for the proposed Village Road and Service Department Long-Range Plans. The model includes road repair, road replacement, and cost estimate schedules, Department capital needs, and vehicle and equipment costs. Councilperson Haramis also stated the Mayor would like to purchase a 'Hot Box' for the Service Department. A 'Hot Box' is equipment used for keeping asphalt hot. Hot patch is easier to install and more durable than cold patch. The Mayor stated a 4-ton unit, which costs \$19,000 - \$25,000, would benefit the Village more than a 2-ton unit costing \$15,000 - \$18,000. Fiscal Officer Elkins stated the Village has three annually regenerating road funds that are separate from the General Fund. The 2011 Street Cleaning and Maintenance Repair Fund currently has a \$25,000-\$30,000 balance and regenerates itself every year. Councilperson Kaplan requested more information as to the exact model and cost of the equipment that is being requested before authorization is provided. The Mayor and Mr. Haramis stated that information could be provided. Councilperson Haramis stated a Village Road and Service Department Long-Range Plan will help Council plan and budget for future capital and equipment purchases and road repair and replacement projects.

Planning Commission Representative Christopher Weigand: Mr. Weigand stated the Planning Commission held its Regular Meeting via Zoom on October 26, 2020. The Commission

completed the Zoning Code amendments, and that Ordinance is on second reading at this Meeting. The Planning Commission is now discussing sidewalks, traffic, and parking issues. Mr. Weigand is working on suggestions for the sidewalk regulations for the next Planning Meeting. Mr. Weigand also added the Planning Commission will look to hire a Traffic Consultant in 2021 to help suggest solutions for the Village's parking, sidewalks, and traffic issues. The Mayor stated the Park may be willing to share the costs to study those issues.

Zoning Officer Charles Hemming: Mayor Schneider stated Mr. Hemming reported a 4'x 8' plywood sign was erected by the train track stating 'Do Not Blow the Horn'. The Chief stated the issue has been resolved and the sign has been removed.

Board of Zoning Appeals: Mayor Schneider: The Mayor stated the BZA has not met recently.

Buildings and Grounds Liaison John Krusinski: Mr. Bryan stated the Mayor received permission from the Valley Fire District to build a new Village Service Garage northeast of the Fire District building on the property being leased to the Fire District by the National Park Service. Mr. Bryan is asking for Council to allow both he and the Mayor to approach the Park to request permission from the Department of Interior for the lease to be amended to allow a new Service Department building on the property. The Park Superintendent stated the CVNP would anticipate receiving a response to the Village's request by the end of the spring of next year. Mr. Bryan stated the motion is not seeking authorization to actually build the structure or spend any money to do so at this time; it is simply to see if the Department of Interior will give permission.

Mr. Kaplan made motion to authorize Solicitor Bryan and the Mayor to approach the Park Superintendent to request permission from the Department of Interior to allow the lease to be amended to permit the new building to be located on the property. The motion was seconded by Mr. Weigand.

Roll call Vote: Mr. Kaplan, yes; Mr. Fisher, yes; Mr. Weigand, yes; Mr. Schneider, yes. The motion was approved.

Mr. Bryan updated Council on the General Die Casters parking lot opportunity. Mr. Bryan stated even though the Village can lease the property at no cost, the Village would be required to stripe, plow, patch, and seal the lot and erect the necessary signage. The Village would be allowed to charge for parking and keep the revenues. The plan as of now is to erect an honor system pay box that would at least cover the Village's expenses. General Die Casters requested that the term of the agreement be limited to one year. The company would be willing to extend the lease if things go well. Mr. Kaplan asked whether the owner of the Terry Lumber property, over which cars would have to travel to get to the public parking area, has been contacted to see if he has any objections. Mr. Bryan stated Mr. Lahoski advised the Mayor and

The Mayor stated the tree lighting may be cancelled. He will check with the Health Department and follow up with everyone.
